(d) "Table V shows that 10 per cent of our Students are returned as belonging to the rich class - which is defined by Govt as including those with income of Rs 5000 per annum or over, while 72 per cent are given as of the middle class - defined as those whose income lie between Rs 5000/ and Rs 200/ per annum - a rather wide range I think, and 17½ per cent belonging to the poorer classes whose incomes fall below Rs 200/ per annum

II Councillor's remarks -

Where has this classification been laid down?

With reference to the above query of the II Councillor it is submitted that the above classification according to wealth of parents seems to have been adopted from the

~~Table~~ of the British Provinces

The same classification is adopted by the I Qf in his annual Reports (Vide Appendix B^x (7) of the annual Report on Public Instruction for 1901-2, Flag A

The I Qf has also stated in his letter No 2347/76 x & 10th Sept 1898 Flag B— that he has adopted the same tables as have been adopted in the British Provinces.

My dear Mr Srinivasaraya

And the changes going on at the Secretariat I fear two important items of mine have been overlooked The first is no orders have been passed as to Mr Barnes temporary appointment, though I made a reminder and he cannot draw any pay till orders are passed secondly I am exceedingly pressed for want of an additional Under who will also assist with the Librarian's work — the present Librarian being practically useless by reason of his dreadful handwriting One man on Rs 25/- will do all I want —

8

Mrs is an excessively busy time for me at College, and to-day two solitary medics that I have work all with fewer hand to go home. If you can get orders passed for me in these two matters I shall be very much obliged as I have been so often in the past indebted to you

With all kind regards

Yours sincerely

My Dear Mr Cook,

Your D.O of the 12th

The formal sanction of the Govt of India to Mr Barrow's temporary appointment has not yet been received As however the Resident had given his unofficial approval an order will be issued in a day or two authorizing the Comptroller to pass Mr Barrows pay pending further orders

I am afraid there will be some difficulty in giving you an additional clerk. In these days of financial pressure, new sanctions are not easily given. If your Librarian is not quite fit, why not replace him by a better man please? His case may be a hard one but in public interests, he

† †

I am directed by the Secretary of State for India in Council to acknowledge the receipt of your letter of the 2nd ultimo, and to state that the Board will consider the claim of the Calcutta College to have a Cadet Clerk and a Cadet Librarian. The latter does not seem to require a real-hand clerk, otherwise he is very good. The work of a third assistant to assist these two officials seems to be very badly felt. I quite sympathize with the Council. He may be given a new Clerk on the Consolidated Pay Rs 20—1—25. This raised the appointment to Rs 30. There seems considerable

Sir,

With reference to Government Order No 3444Ed dated 9th January 1904 calling for separate communications regarding three points referred to in my last Report of the Central College, I have the honor to reply that

(1) with respect to the separate building for the College Reading Room and Library I shall communicate with the Engineering Department and submit definite proposals as soon as possible

(2) with regard to the appointment of a Resident Tutor for the Central College Hostel I shall await the results of the late B A Examination and the formation of the Junior classes for this year, so as to see the Hostel full and embody my recommendations and proposals in a separate letter to the Government,

(3) with regard to the third item, there is the greatest urgency because the work devolving upon both the Librarian and the College Clerk is very great, especially at this season of the year, and vastly greater in comparison with what it was a few years ago

The Librarian is now quite unable to do the writing necessary in his department, because he has become so very slow and shaky in using his pen and the Clerk has, as I explained at considerable length in my letter No 422 dated 1st April 1902, very much more work than he can fairly accomplish For this reason as well as on account of the importance of having a good and reliable Clerk in such an Institution as this, I would again earnestly beg the Government to

.m an increase of pay from Rs40 to Rs50-5-80 (annual increment)

In addition, it is now absolutely necessary on accouht of the increased size of the Library and its location in two different rooms of the College at considerable distance apart, to have an Assistant Librarian, who may also aasist the Clerk, and a young man on Rs20 rising to Rs30 is all that is required but this small additional outlay will be of the very great assistance to me, and of very great use to the College, as I shall make his office to be in the room where the Library consultation books are, so that he may be at hand to give out to students and Teachers any books that they may wish to consult

In consideration of his long service in the College, and in consideration of his trustworthiness as a Librarian - even though his handwriting is so very bad - I should be very much pleased if the Government would grant Mr Y Ramadasalu a small increase to his pay as it is not likely that he can be retained very much longer in his post.

Trusting that these proposals may be favourably received b the Governmen^,

I have the honor to be,

Sir,

Your most obedient servant,

Principal
